

# Stowage Hoists

LIFT YOUR SCOOTER OR WHEELCHAIR INTO YOUR CAR

Find out how Stowage Hoists can help you regain your freedom

Take your mobility device with you wherever you go

MOBILITY  
INNOVATIONS

# Struggling to lift your wheelchair or scooter?

## Stowage Hoists

Our powerful range of in-vehicle hoist solutions can easily lift, load, and stow your wheelchair, powerchair, or scooter. No need to fuss with ramps or hitch-mounted platforms – and your device will stay safe and dry protected from the elements too! It's the ideal solution that saves you or your loved one struggling with lifting heavy parts and allows you to keep your independence when venturing out of the house.

Magnetic handset with soft touch illuminated buttons

Folding hoists for cars with smaller trunks

All of our Stowage Hoists feature soft start motors, overcurrent protection, and a magnetic handset with soft touch illuminated buttons, making it more comfortable to hold, safer to operate, and easier to use.

Our folding hoists like the Autochair Smart Lifter LM & the SureLift 88 collapse down to fit into vehicles with smaller trunks.

Perfect for Electric Vehicles with the new Power Pack

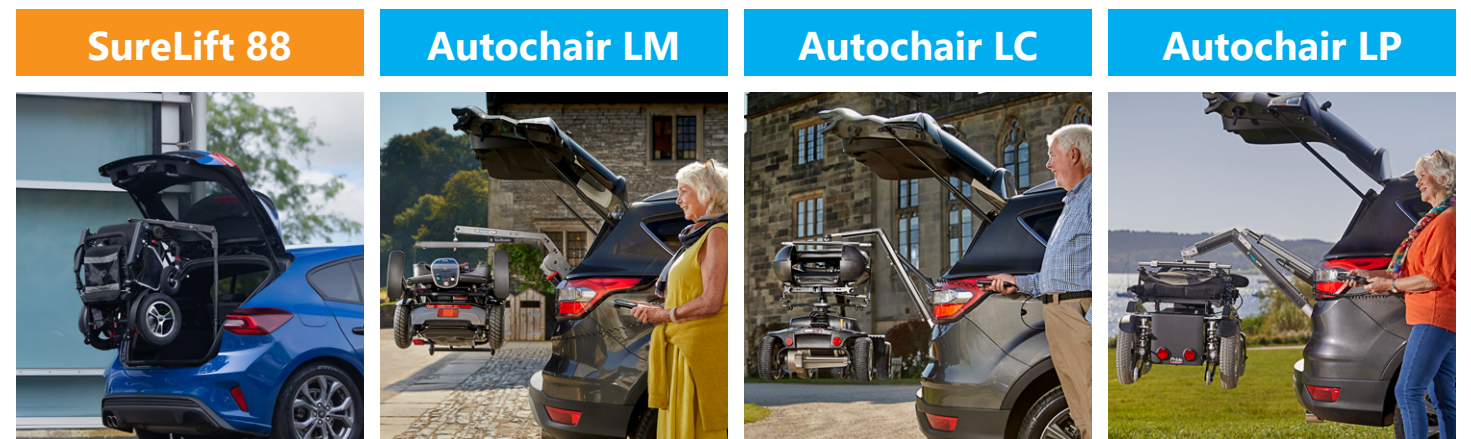

Fully removable when not in use

Load and unload your mobility device faster than ever! With our new PowerPack, you can enjoy quicker and more efficient operation of your trunk hoist compared to using the car's standard battery, making it perfect for EVs. All of our stowage hoists are removable when not in use, for the days when you need the extra trunk space.

# Stowage solutions for every vehicle and device

SureLift 88	Lifts	2 or 4 way?	Folding	Suitable vehicles	Suitable devices
	88 lbs	2 way	✓		

Autochair LM	Lifts	2 or 4 way?	Folding	Suitable vehicles	Suitable devices

	275 lbs	4 way			
	440 lbs	4 way			

# Why choose a Stowage Hoist?

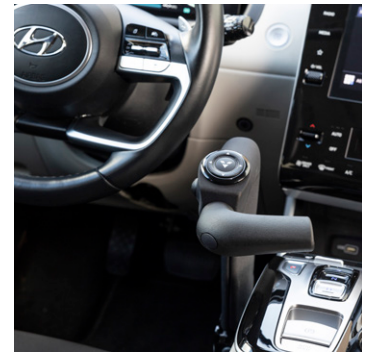

- ✓ The most powerful range of stowage hoists, the LP is suitable for the largest scooters and powerchairs weighing up to 440lbs
- ✓ Fastest hoists on the market – loads in 60 seconds
- ✓ Fully removable when not in use
- ✓ Lift small scooters to heavy powerchairs
