**NO PLATFORM. NO STRAPS.  
HITCH-MOUNTED MOBILITY LIFT**

## Experience Effortless Mobility with TriLift

Made in the USA

## Revolutionizing the Way You Travel

When it comes to mobility carriers, convenience, security, and ease of use are essential.

TriLift Mobility is an innovative, no-platform, no-strap solution that makes transporting your mobility device seamless and stress-free.

Whether you use a scooter, power wheelchair, or manual wheelchair, TriLift's sleek, space-saving design enhances your vehicle's maneuverability—without compromising strength or stability.

**NO PLATFORM. NO STRAPS. HITCH-MOUNTED MOBILITY LIFT**

# WHY CHOOSE TRILIFT?

## 1. Unmatched Compatibility

TriLift offers the largest compatibility chart on the market, ensuring seamless integration with a wide range of scooters and power wheelchairs. TriLift merges innovative design with everyday practicality—offering the lightest, most dependable lift on the market.

## 2. Sleek, Durable And, Easy to Use

Unlike bulky platform carriers, **TriLift's slim profile preserves your vehicle's rear space**, making it easy to park, fit into garages, and maneuver through tight spots. Say goodbye to oversized, obstructive lifts.

With **TriLift's innovative lift-and-lock technology**, your scooter or power wheelchair secures in seconds—no heavy platforms or messy straps required.

Crafted from **durable, high-quality materials**, TriLift provides a safe, worry-free solution for transporting your mobility device. Whether it's daily errands or a long road trip, you can count on TriLift to deliver safety and ease every mile of the way.

## 3. Tilt Adapter for Easy Trunk Access

Need trunk access? Every TriLift comes standard with a tilt adapter, letting you tilt the lift away for easy access to your trunk or hatch—no detaching required. Convenience built in, every time.
